**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I'm a consumer that supports broadband competition. More competition allows for consumers to have more choices and better prices. It also allows for new companies in the US that provide value to citizens to be able to grow and evolve. America was founded on entrepreneurialism and will not be able to continue to thrive without it. By reducing or allowing for the reduction of competition, you will inadvertently stifle our advancement.
